<b>DATE</b>	<b>TOPIC</b>	<b>ACTION / DATE</b>		<b>STATUS</b>
2/9/2026	Why are the Corn Hole Courts at Lakeview not open until 3:00pm. Doesn't work for summer hours would like open earlier.	Will open during center hours on a trial basis. Reviewed usage and it was very low.	2/11/2026	<b>Short Term</b>
2/9/2026	Want a place for members to be able to vote in person and allow voter registration tables to be set outside our two libraries.	We appreciate your commitment to civic participation and understand the importance of making voting accessible to our community, but after careful consideration, we are unable to support this suggestion. Serving as an official voting location would create potential legal and financial liabilities, including increased insurance and operational costs. RCSC has already experienced significant increases in insurance premiums in recent years, and adding new categories of risk would likely accelerate those increases for all members.	2/11/2026	<b>Complete</b>

Short Term - 3 to 6 months

Long Term - 6 months or more

<b>DATE</b>	<b>TOPIC</b>	<b>ACTION / DATE</b>		<b>STATUS</b>
2/9/2026	Communication/Customer Service issue: Treated poorly when went to CHS to pay golf pass, the staff said that we could not pay half of our golf pass now and half in 60 days.	Management was looking for ways to help with payments for the pass and this is why the offer was to pay half now and balance in 60 days. Also are working on a Customer Service program.	2/11/2026	<b>Complete</b>
2/9/2026	Have you thought about where the clubs that use Mt. View might go during construction/shut down?	Clubs to take the initiative. Management is assisting in looking for alternatives.	2/11/2026	<b>Short Term</b>
2/9/2026	There is no food in the lake for the Trout and they are starving. Add Scuds to the pond, multiply fast and are food for the Trout habitat.	We have been stocking trout for several years and there has never been a die off of the fish so they are finding enough food to survive through the winter. In addition, multiple lake properties stock trout for the winter and there is not an introduction of any invertebrates intentionally into the lakes as a supplemental food source. The trout in the lake are doing well and the ecology of he lake is well balanced.	2/11/2026	<b>Complete</b>
